

HOW TO EXHIBIT WITH US

Thank you for showing interest in exhibiting at The Gallery.

The Gallery's exhibitions are planned months in advance. The manager/curator develops and selects themes for future exhibitions taking into consideration many factors. Such factors may include current issues, celebrated months, seasons, school calendars etc. Artists are then carefully selected for each theme considering their professional history, artists biography, artistic style, dimensions of artworks, affordability and their social media presence.

The curator's main objective is to create visually exciting exhibitions, that differ from previous exhibitions, ensuring that each will appeal to a broad audience and offer a range of artistic styles and mediums.

To apply for an exhibition opportunity with The Gallery, please provide the following:

- **Artist Biography/Statement**
- **A selection of your latest, highest quality, artwork available.**
- **Details on each artwork submitted: Title, Medium, Dimensions, Artist Price.**
(Taking into account The Gallery commission)
- **Professional/Business social media handle or website details**
- **Information on any current/upcoming exhibitions that you are or will be participating in.**
